## SERVICE AGREEMENT

### REQUIRED BY TEXAS ADMINISTRATIVE CODE (TAC) TITLE 30 CHAPTER 290

I. PURPOSE. The City of Horseshoe Bay (City) is responsible for protecting the drinking water supply from contamination or pollution which could result from improper water and/or sewer plumbing practices. The purpose of this service agreement is to notify each customer of the plumbing restrictions which are in place to provide this protection. The City enforces these restrictions to ensure the public health and welfare. Each customer must sign this agreement before the City will begin service. In addition, when service to an existing connection has been changed, suspended or terminated, the City will not re-establish service unless it has a signed copy of this agreement.

II. PLUMBING RESTRICTIONS. The following undesirable plumbing practices are prohibited by State regulations.

- A. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the City's water system by an air-gap or an appropriate backflow prevention device.
- B. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
- C. No connection which allows water to be returned to the public drinking water supply is permitted.
- D. No pipe or pipe fitting which contains more than 8.0% lead may be used for the installation or repair of plumbing at any connection which provides water for human use.
- E. No solder or flux which contains more than 0.2 percent lead can be used for the installation or repair of plumbing at any connection which provides water for human use.
- F. All connections to the City water system must have plumbing systems in compliance with the current Uniform Plumbing Code and the City's Cross Connection Control Plan.

The provisions of the current Standard Plumbing Code shall apply to every plumbing installation, including alterations, repairs, replacement, equipment, appliances, fixtures, fittings, and appurtenances, when connected to the City's water or sewage system.

A person, firm or corporation shall not install, repair, alter, enlarge, remove, move, improve, convert, or demolish any plumbing system connected to the City's water or sewer system without first obtaining a permit from the City. Ordinary minor repairs may be made with the approval of the City Inspector without a permit, provided that such repairs shall not violate any of the provisions of the adopted plumbing code.

Each connection must have passed inspection by the City authorized Plumbing Inspector to be provided water service.

III. SERVICE AGREEMENT. The following are the terms of the service agreement between the City and (the Customer) who is responsible for paying for services provided. **The service provided are for Water, Sewer and Garbage.**

- A. The City will maintain a copy of this agreement as long as the Customer and/or the premises is connected to the facilities of the City.
- B. The Customer shall allow his property to be inspected for possible cross-connections and other undesirable plumbing practices or functions. These inspections shall be conducted by the City personnel prior to initiating service and periodically thereafter. The inspections shall be conducted during the City's normal business hours.
- C. The City shall notify the Customer in writing of any cross-connection or other undesirable plumbing practice or functions which has been identified during the initial inspection or the periodic re-inspection.
- D. The Customer shall at his expense immediately correct any undesirable plumbing practice on the premises.
- E. The Customer shall at his expense, properly install, test, and maintain any backflow prevention device required by the City. Copies of all testing and maintenance records shall be provided to the City.

IV. ENFORCEMENT. If the Customer fails to comply with the terms of the Service Agreement, the City shall, at its option, terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Customer.
