### May 2024 Activity Report

#### [City Council Activities](#) (*6% increase cf. FY23*)

We have processed a **record number** of agenda items this year. City Council activities include preparing agendas, meeting packets, minutes, presentations, monthly reports, and many other types of documents for meetings. This also includes drafting ordinances, resolutions, proclamations and other documents for Legislative Services and other city departments. Each item that is included on a City Council agenda requires staff time for preparation prior to the meeting and execution time after the meeting.

#### [Public Information Requests](#) (*15% increase cf. FY 23*)

The total number of requests the City has received in FY 2024 is 217. This is an increase of 15% from last year at this time and a **higher number than any previous year**. The City is receiving an average of 27 requests per month, which is high for a city the size of Horseshoe Bay. Staff responds to requests within 2 days or less 81% of the time. This time last year we were responding within 2 days or less 87% of the time, but the increase in the number of requests has lowered that average. Legislative Services, Police, and Development Services receive the highest number of requests. The most frequent type of record request is for police reports. Other common records requested include building permit data, contractor information, information on specific properties, and administrative records.

## FIRE DEPARTMENT

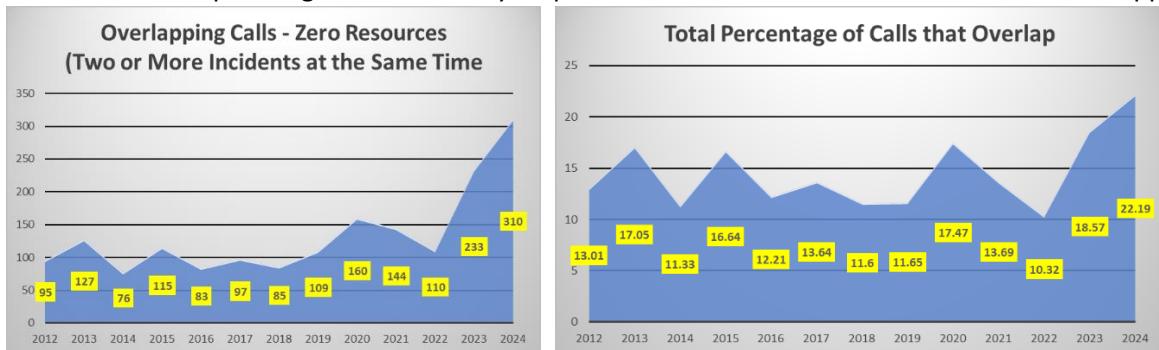

2012 through Year-to-date 2024 10-Year Average (2024 is Prorated)

This is a 10-Year Average. It is not a good performance indicator because the industry standard is how close we meet our 90<sup>th</sup> percentile performance standard of 5:20 (five minutes and 20 seconds). The new performance standard (by neighborhood) is illustrated on the next page.

The two charts below are planning indicators. They help decide when to add resources to reduce overlapping calls.

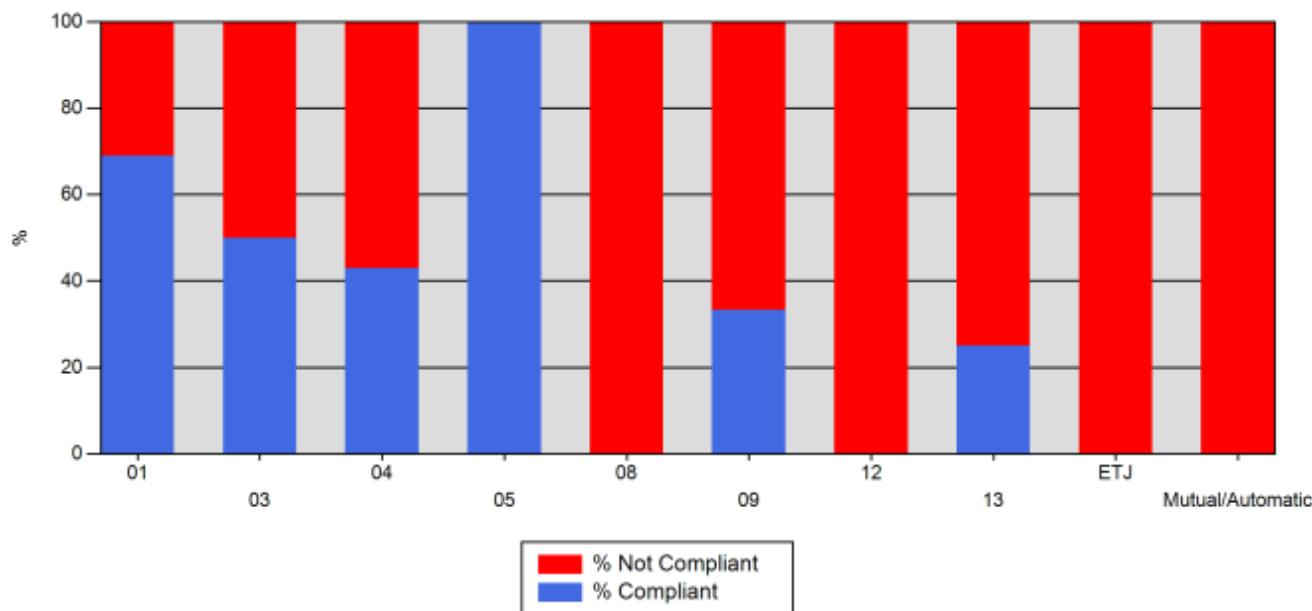

## APRIL 2024 RESPONSE TIME REPORT

The charts below indicate how often we meet our response time goals. The industry standard includes 4 minutes of travel time and 1 minute and 20 seconds of turnout time. Turnout time is the time it takes firefighters to put on their protective clothing, mount the apparatus, and leave the station. Travel time is the time it takes from a fire truck leaving the station to arrival on scene of the incident. The goal of the Horseshoe Bay Fire Department is 5:20 for all calls requiring a Code 3 (Lights and Siren) response. This chart is for all Code 3 responses this fiscal year.
